

How Entries are Scored

Our aim is to provide a robust and transparent judging process that provides clarity and confidence to all involved.

Entries are scored using the following scoring criteria.

Finalists

The finalists are decided by the shortlisting panel.

There will be between 5 and 8 finalists per category depending on the number and quality of entries.

Finalists are scored based on an assessment of the written entry and a presentation to decide the category winners.

Scoring

The written entry is judged online and is worth 50% of the final score.

(NB as the "Summary" criterion is not included at the presentation stage, the score for the written entry is calculated as 6/7 of the total written entry score).

The presentation judged at the finals is worth 50% of the final score.

The maximum score is 1200.

Winners

The winner of each category is the entry with the highest score when combining the scores awarded by the judges for the written entry and the presentation.

For categories with 3 finalists there will be only a gold winner.

For categories with 4 or more finalists, there will be a gold winner and a silver winner.

For categories with 5 or more finalists, there will be a gold winner, a silver winner and a bronze winner.

There will be an Award for the overall winner for the Gulf Real Estate Awards 2021, which is the entry with the highest score.
